ABOUT US

THDC Institute of Hydropower Engineering and Technology is Asia's first Hydropower Engineering college and also the first constituent institute of Uttarakhand Technical University to become a world-class comprehensive institute with a mission of high-quality undergraduate programs and high-caliber research development in cutting-edge areas. The institute is situated at B. Puram, Tehri, approximately 150 km from the capital city – Dehradun on the beautiful site of the THDC project. THDC Institute of Hydropower Engineering and Technology, Tehri has received the "Excellent Institute for Promoting Hydropower in Uttarakhand" in the 2nd National Uttarakhand Education Summit and Awards 2015 by the CMAI Association of India.

Cieszyc the college festival, is an opportunity to serve the purpose of exhilarating innovative ideas into the students up to a great extent. A competition between the best minds existing in or around the college will allow the best of the ideas to come out.

The purpose of doing Cieszyc is:

Firstly, it will help the institution to bring together students from across the country.

Secondly, the fest will promote innovative ideas and allow students to share their knowledge and ideas with other students.

Thirdly, attending the fest will give information on the different fields of study. Events, quizzes, seminars, music, and dance are part of the college fest.

EVENTS HIGHLIGHTS

TECH FEST

A college tech fest is an event that showcases the technological skills and innovations of students. It typically features competitions, exhibitions, and workshops related to computer programming, hardware design, and other technical fields. The aim of a tech fest is to provide students with a platform to showcase their technical abilities and learn from industry experts.

CULTURE FEST

A college cultural fest is an event that celebrates and showcases the diverse cultural traditions, art, music, and dance of students. It usually includes events such as musical performances, dance competitions, theater productions, and cultural exhibitions. The aim of a cultural fest is to promote intercultural understanding and appreciation, and provide students with a platform to showcase their cultural heritage.

DJ NIGHT

A college DJ night is an event that features a professional DJ playing music for students to dance and party. It is a popular event during college festivals and is often held in the evenings. DJ nights provide a fun and energetic atmosphere for students to let loose and enjoy themselves with their peers.

SUPRISE APPERANCE

This year's Tech-Fest isn't just about innovation and ideas — it's about unforgettable moments. We've lined up a mystery celebrity guest who will light up the stage and bring an extra spark of excitement. Stay tuned, because when the curtain lifts, you'll witness a star-studded moment you'll talk about long after the fest ends!
